

May 2002 - I.T Investment at CCR

CCR have just invested 70,000 GBP in their Storage Area Network. This will enable CCR to expand and take on more clients. Also this is creating a safer and more stable environment for their clients data.

In a recent publication of STORage magazine a quote was written expressing the growth of corporate storage needs growing rapidly. "Both analysts and the storage industry estimate corporate storage needs are increasing at between 60% and 100% every year ".
